Re: Southern Star Central Gas Pipeline, Inc.
Docket No. RP19-_____
Miscellaneous Tariff Filing

Dear Ms. Bose:

Southern Star Central Gas Pipeline, Inc. ("Southern Star") respectfully submits by eFiling revised tariff sheets or records, as listed in Appendix A, to its FERC Gas Tariff, First Revised Volume No. 1 ("Volume No. 1") and Original Volume No. 2 ("Volume No. 2"), to be effective August 1, 2019. The tariff sheets are being filed pursuant to Part 154 of the Rules and Regulations of the Federal Energy Regulatory Commission ("Commission") to incorporate changes as described further below.

List of Materials Enclosed

In accordance with Section 154.7(a)(1) of the Commission's regulations, submitted herewith is an eTariff XML filing package, filed as a zip (compressed) file, containing:

i. The proposed tariff sheet versions in RTF format with metadata attached;
ii. This transmittal letter in PDF format;
iii. Appendix A – A listing of the revised sheets/records;
iv. Appendix B – A clean version of the tariff sheets/records; and
v. Appendix C – A marked version of the tariff sheets/records.

Statement of Nature, Reasons and Basis for Filing

Southern Star is filing the revised tariff sheets to effect changes to the System Maps, the General Terms and Conditions ("GT&C") and the Form of CSI Electronic Contracting Agreement, as more fully described herein below. These changes are purely administrative in nature and reflect organizational changes

related to contact information, new email addresses, and a new website URL for Southern Star. These administrative tariff revisions should be unopposed.

Miscellaneous/Updated Provisions

Some provisions of the tariff have been updated to reflect changed or current circumstances. These miscellaneous changes include the following:

Title Pages: The title pages for Volume No. 1 and Volume No. 2 have been revised to update the contact information.

System Maps -- Sheets 4, 5, 6, 7 and GT&C -- Sheet 205: The changes on these sheets reflect a change from ".sscgp.com" to ".southernstar.com" for the listed website addresses.

GT&C -- Sheet 290 and Form of CSI Electronic Contracting Agreement -- Sheet 478: The changes on these sheets reflect a change from "@sscgp.com" to "@southernstar.com" for the listed email addresses.

Proposed Effective Date and Request for Waiver

Southern Star respectfully requests that the revised tariff sheets become effective August 1, 2019, which is at least thirty (30) days after receipt of this filing by the Commission. Southern Star respectfully requests that the Commission grant any and all waivers as may be necessary for the tariff sheets to become effective August 1, 2019.

Motion to Place Tariff Sheets into Effect

Pursuant to Section 154.7(a)(9) of the Commission's Regulations, Southern Star moves to place the aforementioned revised tariff sheets into effect at the end of the suspension period requested above. Southern Star reserves the right, however, to file a later motion to move the tariff sheets into effect in the event of any change to such tariff sheets which may be ordered by the Commission or the determination by the Commission that a longer suspension period is in order.

Correspondence

Southern Star respectfully requests that all Commission orders and correspondence, as well as pleadings and correspondence from other persons, concerning this filing be served upon:

GENERAL TERMS AND CONDITIONS

2. PRODUCTION AREA/MARKET AREA

The Production Area and Market Area are depicted on the system map which may be found at the following uniform resource locator (URL):

https://csi.southernstar.com/EBBPostingDocs/Other/TariffShark/GeneralSystem.pdf

The Production Area/Market Area boundary on such map and described below represents general areas and is not indicative of the classification of facilities for rate purposes. Southern Star's Master Receipt Point and Master Delivery Point Lists specify the specific receipt and delivery points in each area.

Rates stated herein for Production and Market Areas are discrete and shall be additive for transactions involving the movement of gas in more than one area.

GENERAL TERMS AND CONDITIONS

18. BILLING AND PAYMENTS (Cont'd)

Invoices for all gas received or delivered during each billing period will be rendered on or before the ninth business day after the end of the production month. The imbalance statement will be rendered prior to or with the invoice. Shippers may elect to receive their invoice and imbalance statement by email rather than U.S. mail service. If Shipper desires to receive their invoice and imbalance statement by email, they must notify Southern Star in writing, or by sending an email to sscgasrevenueaccounting@southernstar.com. The term "rendered" is defined as postmarked, time-stamped and delivered (made available) to the designated site or time-stamped and emailed to the email address designated by Shipper. Payment shall be made to Southern Star at the location specified on the invoice, within ten days from the date of mailing or other transmission of the invoice. Shipper shall submit supporting documentation with any payment. Southern Star shall apply the payment per the supporting documentation provided by the Shipper. If the payment differs from the invoiced amount, remittance detail must be provided with the payment, except when payment is made by electronic fund transfer (EFT), in which case the remittance detail is due within two business days of the payment due date. Shipper shall identify invoice number(s) on all payments. If the invoice is in dispute, Shipper shall pay the portion not in dispute and provide documentation identifying the basis for the dispute.

If payment of such invoice is not received by Southern Star within the time stated herein, interest thereon shall accrue monthly at the currently effective rate stated in Section 154.501 of the Federal Energy Regulatory Commission's Regulations under the Natural Gas Act from the due date until the date payment is received by Southern Star. However, Southern Star will not bill interest when such amount is less than $100. In the event the amount of the invoice is paid under protest and if it is later determined that an overcharge has been paid, Southern Star shall refund the amount of the overcharge with interest thereon from the date of payment of the overcharge at the same rate currently charged for late payments.

The time limitation for disputes of allocations shall be six (6) months from the date of the initial month-end allocation with a three (3) month rebuttal period. This standard shall not apply in the case of deliberate omission or misrepresentation or mutual mistake of fact. Parties' other statutory or contractual rights shall not otherwise be diminished by this standard. Mutual agreement between parties, legal decisions, and regulatory guidance may be necessary to determine if the event qualifies for an extension of the above time periods.

FORM OF CSI ELECTRONIC CONTRACTING AGREEMENT

10. Except as otherwise provided herein, any notice, request or demand provided for in this Agreement shall be in writing and shall be deemed given when communicated pursuant to Section 23 of the General Terms and Conditions of the Tariff or when placed in the regular mail or certified mail, postage prepaid and addressed to the other party, or sent by overnight delivery service, via email or by fax, at the following addresses, email addresses or fax numbers, respectively:

Attention: _____

Either Party may change the address for notice by providing formal written notice to the other Party.

11. Shipper shall not, in whole or in part, assign its rights or delegate its obligations under this Agreement without the prior written consent of Southern Star, and any attempt to do so without consent shall be void. This Agreement shall be binding upon and inure to the benefit of the Parties' permitted successors and assigns.

12. If any provision or part of a provision of this Agreement is held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision, but this Agreement shall be construed as if it did not contain such provision. Each provision shall be deemed enforceable to the fullest extent available under applicable law.
