

**SOUTHERN STAR<sup>®</sup>**  
CENTRAL GAS PIPELINE

**AUGUST 26, 2021**

2:00 p.m. CST

A large, blue, circular graphic resembling a clock face is the central element. The text "How's it Flowing" is written across it in a large, white, sans-serif font. The clock face has a green needle pointing towards the top right. The background of the entire image is a dark blue gradient with diagonal stripes of lighter blue and green.

## Back to School.

MOTORIST TIPS FOR CHILDRENS SAFETY

### What Can I Do?

#### Do Not Pass

It is illegal to pass a school bus that is stopped to load or unload children.

#### Seeing Yellow

School buses use yellow flashing lights to alert motorists that they are preparing to stop to load or unload children.

#### Seeing Red

Red flashing lights and an extended stop sign arm signals to motorists that the bus is stopped and children are getting on or off the bus.

#### All Stop

Traffic in both directions stop on undivided roadways when students are entering or exiting a school bus.

#### Stay Behind

Traffic behind a school bus (traveling in the same direction) must stop.

#### Crosswalks

Do not block the crosswalk.

#### Distance

Stop your car far enough from the bus to allow children the necessary space to safely enter and exit the bus.

#### Never Pass on Right

Never pass a school bus on the right.

#### Look Out

Take extra care to look out for children in school zones, residential areas, playgrounds and parks.

#### Stop

Always stop when directed to do so by a school patrol sign, school patrol officer or designated crossing guard.

#### Stay Alert

Children are the least predictable pedestrians and the most difficult to see.

#### Don't Honk

Don't honk your horn, rev your engine or do anything to rush or scare a child in front of your car.

# STORAGE UPDATE

## Storage Updates

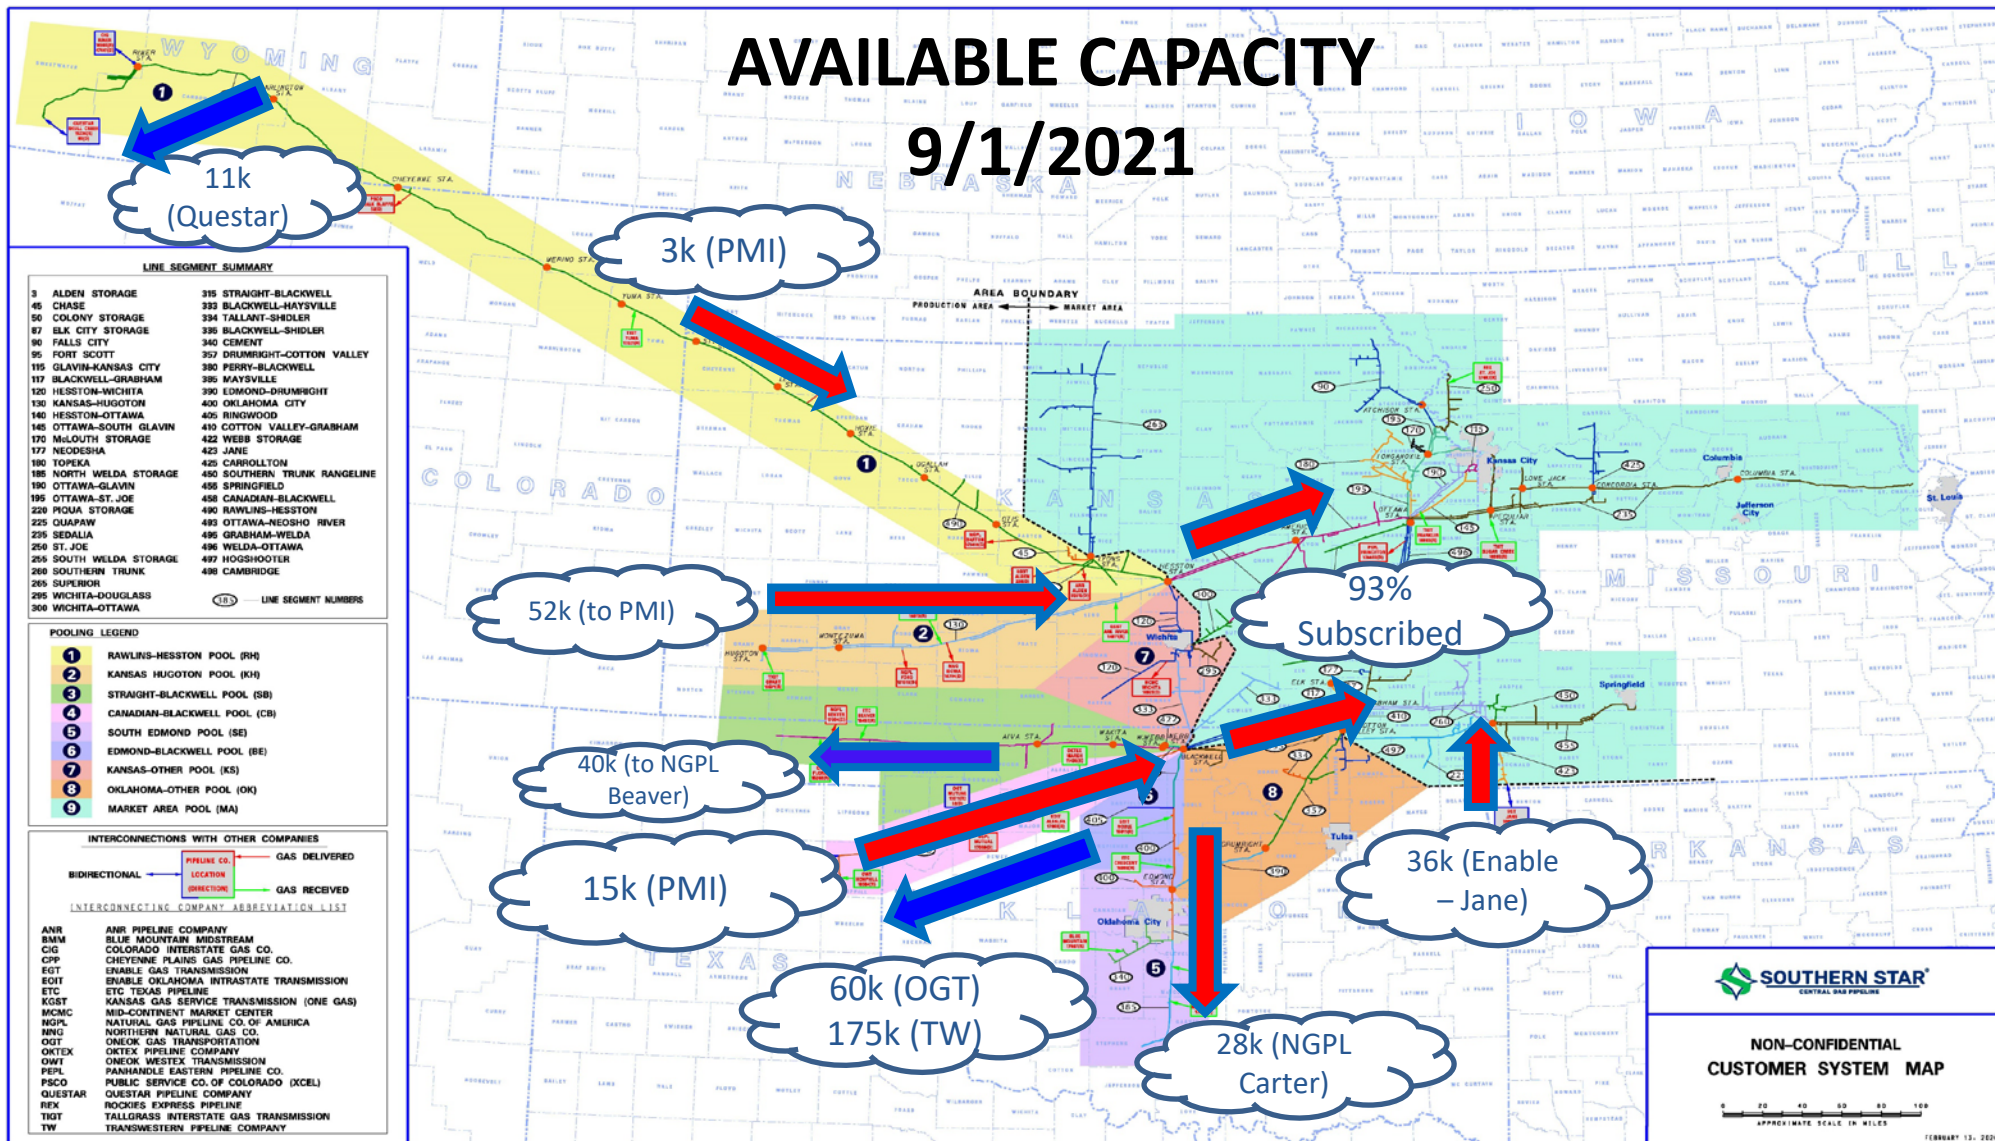

- Temperatures have been hot, and the current 10-day forecast is slightly above average temperatures for SSC market areas
- We are projecting withdrawals from storage due to hot temps and power demand.
- EIA Storage Number as of 08/20 is 75.55%
- Currently .92% over the 10-year average of 74.63%
- 2020 08/21 EIA was 85.68%
- We still do not anticipate making large swings away from the ten-year average
- Storage testing update
  - We have started fall storage field testing. We have currently tested two of eight storage fields.
  - South Welda is currently on test through 08/30
  - North Welda goes on test 08/31 through 09/07

# CSI/STEP UPDATES

- Upcoming Training Announcement
- New Nomination and Confirmation Screens are now available (for nominations effective for gas day 10/1/2021 forward)

## Scheduling Task Enhancement Project (STEP)

- 1 August and September Nominations and Confirmations will be entered on existing nomination and confirmation screens
- 2 New Nomination and Confirmation Screens are now available (for nominations effective for gas day 10/1/2021 forward) PNT Scheduling begins gas day **October 1st, 2021**

A screenshot of the "Nominations" screen in the Southern Star system. The left sidebar shows a menu with "Nominations" highlighted by a green arrow and a green box with the number "1". Below it, "Nominations - PNT" is also highlighted by a green arrow and a green box with the number "2". The main content area shows a form with fields for "Nomination Date \*" (07/23/2021), "Cycle \*" (ID2 - Open), and "Svc Req \*" (5153 - Southern Star Central Gas Pipeline, Inc. - 007906233). Below these fields are columns for "Svc Req K", "Rate Sched", "Loc", "Loc Zn", and "Pool Area".

# CONFIRMATIONS

- Active / Passive
- Confirmation Deadlines
- Confirmations in the PNT model.
- Screen Review and Example

# ACTIVE vs PASSIVE

## Point Operator Confirmation Election Form

Point Operators electing to confirm all transactions (explicit/**active**) agree to:

- Submit a separate communication expressly confirming each nomination transaction. This is a 7 day a week commitment to include holidays.
- If no communication is received by the confirmation deadline, then the lesser of the new nomination or previously scheduled nomination continues to apply.

Point Operators electing to auto-confirm/**passive**):

- Are relieved of the obligation to send a separate communication confirming the nomination transactions that are correct. Point operators need only respond to those nomination transactions where they disagree.
- If no communication is received from the point operator by the confirmation deadline, Southern Star may assume the nomination as submitted is confirmed.

The screenshot shows the Southern Star Central Gas Pipeline website interface. On the left is a navigation menu with categories like Customer Activities, Informational Postings, and Downloads. The main content area is titled 'Downloads' and contains a table with the following data:

	Posting Category ▾	Effective Date/Time ▾	End Date/Time ▾	Posting ID ▾	Subject ▾
1	Downloads	05/10/2016 03:13 PM		8723	<a href="#">Agent Appointment Form</a>
2	Downloads	09/18/2014 02:01 PM		7257	<a href="#">Point Operator Confirmation Election Form</a>
3	Downloads	03/14/2014 08:56 AM		6807	<a href="#">Receipt Interconnect Request Form</a>
4	Downloads	03/26/2012 09:13 AM		5039	<a href="#">Delivery Interconnect Request Form</a>

A blue arrow points to the 'Point Operator Confirmation Election Form' link in the second row of the table. The website header includes the Southern Star logo, the text 'CENTRAL GAS PIPELINE', and a 'Quick Links' search bar.

# CONFIRMATIONS

Confirmations in the Pathed Non-threaded scheduling model occur at the shipper level. Therefore, contract data is not included on the confirmation screen.

Confirmations can be made past the date of the nomination. CSI will default to the current month-end date, however Operators can shorten this date range.

Confirmations can also be made via EDI and flat file upload.

- ☐ Iso-Pentane
- ☐ Normal Pentane
- ☐ C6+
- ☐ Flow Control SP

# ELECTRICAL CLASSIFICATION AND INSTALLMENT

# BILLING

# INVOICE AND STATEMENT EMAILS

CSI emailed each contact 3 copies of invoice after July closing.

Our new ERP system emailed 4 copies of statement balances the next day.

A testing environment of the new ERP system emailed several copies of old statements as well.

Testing has been ongoing this month to ensure customers only receive one invoice at close and a statement balance of due at end of the month.

# RATES

# RATE CASE

- Rate case was filed on April 30, 2021 (RP21-778).
  - A Tech Conference on the proposed Modernization Program (MOD II) was held on August 10<sup>th</sup>.
  - We've received several sets of data requests and are working hard to complete those as soon as possible.

# GAS QUALITY

- Gas quality meetings were held on July 10<sup>th</sup> and on August 12<sup>th</sup>, the links for those presentations are below.
  - [June 10, 2021 Slides](#)
  - [August 12, 2021 Slides](#)
- Please share any questions or feedback you have by the end of the day tomorrow, August 27th. Questions/feedback can be emailed to Adam Wallace: [adam.wallace@southernstar.com](mailto:adam.wallace@southernstar.com).
- If needed, we'll have a follow-up call in mid September
- Plan on filing with FERC by October 1, 2021.
- Thank you to everyone who is participating!

# Trivia Time!

What is the date of the Virtual Customer Meeting?

- A) October 1st
- B) September 13th
- C) October 12th
- D) It has already happened!

PLEASE USE YOUR CHAT FUNCTION  
TO SUBMIT YOUR ANSWER!

**QUESTIONS**

# SOUTHERN STAR<sup>®</sup>

CENTRAL GAS PIPELINE

# SAFETY REMINDER

## Back to School.

MOTORIST TIPS FOR CHILDRENS SAFETY

### What Can I Do?

#### Do Not Pass

It is illegal to pass a school bus that is stopped to load or unload children.

#### Seeing Yellow

School buses use yellow flashing lights to alert motorists that they are preparing to stop to load or unload children.

#### Seeing Red

Red flashing lights and an extended stop sign arm signals to motorists that the bus is stopped and children are getting on or off the bus.

#### All Stop

Traffic in both directions stop on undivided roadways when students are entering or exiting a school bus.

#### Stay Behind

Traffic behind a school bus (traveling in the same direction) must stop.

#### Crosswalks

Do not block the crosswalk.

#### Distance

Stop your car far enough from the bus to allow children the necessary space to safely enter and exit the bus.

#### Never Pass on Right

Never pass a school bus on the right.

#### Look Out

Take extra care to look out for children in school zones, residential areas, playgrounds and parks.

#### Stop

Always stop when directed to do so by a school patrol sign, school patrol officer or designated crossing guard

#### Stay Alert

Children are the least predictable pedestrians and the most difficult to see.

#### Don't Honk

Don't honk your horn, rev your engine or do anything to rush or scare a child in front of your car.
